

Situo[®] RTS II

Hand-held Controls

Control all Radio Technology Somfy[®] (RTS) products with our elegant Situo[®] RTS II remote control. Sporting a sleek modern look, it's sure to add a touch of elegance to any decor.

Extensive Control Range

Situo[®] (RTS) II remote controls allow for up to a 65 foot control range.

Individual & Group Control

Control one motorized product, or one group of motorized products per channel.

Interchangeable

Designed to work with other RTS control options allowing for multiple points of control in one space.

Convenient

- Using radio technology to ensure a range of up to 65 feet, it allows users to conveniently operate their motorized product while in another room.
- Discreet wall support for easy storage.
- Create the perfect natural light environment or instantly block glare with a simple button press.
- Use Somfy's exclusive "my" feature to set your most used or favorite position between fully opened or fully closed to give you the most convenience and use.

Compatibility

- Controls are compatible with all RTS products.
