

Mark I® 1 3/8 Inch Blind Model # MARK138

Top quality 1 3/8 inch wide slat horizontal aluminum window covering for exposed headrail in contemporary commercial applications.

Key Features

Exclusive 1 3/8 inch slat size

Permanent paint process

Valance free design

Headrail: 1 1/2 inch high X 1 5/8 wide with crowned underside profile

Enclosed bottomrail with bottom bumper

9 gauge slat thickness

27.5mm ladder spacing

Guardian Tilter disengaging clutch mechanism

Limited lifetime warranty

Product Overview

The Mark I® 1 3/8 Inch Blind represents LEVOLOR's top quality horizontal blind with the exclusive 1 3/8 inch wide slats, ideal for more contemporary environments. Engineered for both durability and aesthetics, The Mark I® 1 3/8 Inch Blind combines a valance-free headrail design with a concealed mounting system to provide an overall clean, finished look.

The permanent paint process disrupts the natural static attraction of dust particles to the slat. By removing the primary reason blinds attract dust, a reduction in accumulation can be achieved. Less dust means less maintenance and a cleaner, more professional appearance. The valance-free headrail is made of roll-formed corrosion-resistant painted steel and has a crowned underside profile to prevent light leakage. The added feature of the concealed mounting system provides a clean finished look and eliminates the extra cost of an extruded pocket mullion. The bottomrail is fully enclosed with a color compatible bottom bumper designed to prevent marring of the window sill and mullions.

The 9 gauge thick slats are made of 5000 series magnesium aluminum alloy which provides superior strength and resiliency, guaranteeing a quality look for the life of the blind. The Mark I® 1 3/8 Inch Blind has 27.5mm ladder spacing to ensure tight closure and superior light control. The exclusive Guardian Tilter disengaging clutch mechanism eliminates over rotation of the tilt wand and protects the tilt mechanism against breakage.

The Mark I® 1 3/8 Inch Blind is offered in a large selection of popular colors and options.

Product Specifications

For more detailed specifications please reference Mark I® 1 3/8 Inch Blind Product Guide Specifications.

Products

- A. Mark I® 1 3/8 Inch Blind manufactured by LEVOLOR
- B. Lifetime Limited Warranty
- C. Materials:

- Headrail** shall be of .025 inch thick painted, steel, 1 1/2 inch high x 1 5/8 inch wide, with a crowned underside profile to prevent light leakage. Headrail shall be a valance-free design. All headrail detailing shall be polyethylene. All hardware shall be enclosed in the headrail.
- Guardian Tilter** shall be automatically disengaging worm and gear mechanism to eliminate overdrive.
- Tilt Wand** shall be solid, clear, transparent polymer with round cross section of 5/16 inch diameter. The tilt wand mechanism shall exit the bottom of the headrail via a U-shaped black or bright metal-plated steel link.

Headrail/Top Slat Detail

Mounting Bracket

Wand Connection Detail

- Drums and Cradles** shall be of Tomized steel.
- Installation Brackets** shall be a one piece .032 zinc plated spring steel designed to minimize light gaps. A spring mechanism provides preload engagement with the headrail. Installation brackets come in two types: a bracket designed for ceiling mount applications that is completely concealed within the headrail and a wall mount bracket.
- Ladders** (slat supports): Distance between slats shall not exceed 27.5mm.
- Slats** shall be of 5000 series magnesium aluminum alloy only. Slats shall be nominally 1.375 inches wide and the thickness of the slats shall be nominally 9 gauge.

Coating includes a permanent paint process which disrupts the natural static attraction of airborne dust particles.

- Bottomrail** shall be fully enclosed with color compatible flexible vinyl bottom bumper and polyethylene end caps.
- Options** shall include:
 - a. Cordless (model # MARK138C)
 - b. Cutouts
 - c. End Mount Adapter
 - d. Extension Brackets
 - e. Hold-down Brackets
 - f. Multi-Colored Striping
 - g. Multiple Blinds on One Headrail
 - h. Ring Pull
 - i. Top Lok Cord Lock
